Dear Earth to ocean.

Thank you for letting Rimu house come and use you and all your equipment for the amazing race. We had such a blast and it would not have been so amazing if you were not able to host us.

I really liked the way we had to write down on the cards the sea creature in the bag it was so cool.

Once again thank you for having Rimu house from Tauranga Intermediate come and use all your equipment.x

Your sincerely

Georgia Henstock
